05 Active Feature Engagement

957 lesson plans completed by 395 unique teachers, with 2 coaching interactions recorded.

06 Positive Teacher Sentiment

19 teachers expressed positive feedback, praising AI-generated lesson plan quality and the value of a Sindh-curriculum-aligned teaching assistant.

Recommended Actions

ACTION **Targeted Outreach for 434 Pending Teachers**

Deploy district coordinators through STEDA's DEO network to follow up with teachers who have not yet activated. Goal: close the gap before end of March 2026.

ACTION **Structured Training Workshops**

Teachers in the onboarding group requested step-by-step guidance. Deliver short video tutorials and taluka-level workshops to accelerate skill-building.
